

Civil Design Engineer

Mackie Consultants, a leading consultant in Civil Engineering and Land Surveying located in Rosemont, IL, has an immediate opening for a Civil Design Engineer. Selected candidate should possess entry level knowledge of site grading, stormwater management, sanitary sewer design, water supply systems and basic roadway design for private and public sector projects. Candidate should be able to handle a multitude of projects for clients in both the public and private sector. An EIT or PE is preferred.

Mackie Consultants is part of The Burke Group (TBG). We are a fast-growing family of 9 companies offering civil engineering and land surveying services throughout the Midwest. We offer a professional work environment as well as exceptional learning opportunities to those engineers committed to personal service and professional growth.

We seek out experienced and responsive professionals who are committed to personal service. In addition to high growth potential, Mackie Consultants offers a comprehensive benefits package including medical, dental, life, disability, vacation and sick days as well as an employer matching 401(k) program. Interested candidates should send a resume to careers@mackieconsult.com with the following subject 06.092617.CDE.
