

Survey CAD Technician

Mackie Consultants, a leading consultant in Civil Engineering and Land Surveying located in Rosemont, Illinois, has an immediate opening for a Survey CAD Technician with 1 to 2 years of experience. This position involves technical support for providing complex CAD support with design team in preparing engineering/survey plan sets and creating reports. Microstation experience required.

Essential Duties and Responsibilities:

- Development of survey plans and construction documents working on complex CAD projects under the direction of a Professional Land Surveyor
- Work efficiently, multi-task and work in a deadline-driven environment
- Perform work in an accurate and timely manner
- Handle multiple assignments with competing priorities
- Maintain company CAD standards throughout the projects

Key Qualifications:

- 1-2 years of progressive survey work experience or Associates Degree in CAD related field
- Working knowledge of topographic and boundary surveys, ALTA/NSPS Land Title Surveys, subdivisions, easement and vacation plats
- Microstation experience required
- Exceptional client service skills as well as in a team environment
- Self-starting, requiring minimal supervision once trained
- General knowledge of MS Office
- Good communication skills

We seek out experienced and responsive professionals who are committed to personal service. Mackie Consultants offers high growth potential and a comprehensive benefits package including medical, dental, life, disability, vacation and sick days as well as an employer matching 401(k) program. Interested candidates should send a resume to careers@mackieconsult.com and include the following code **06.092617.CAD**.
